

Nursery Rhyme Tease

Incorporate fashion & literacy!

Reading to your child is one of the first steps towards helping him develop literacy skills and a love for books. Now, your child can also wear his favorite nursery rhymes while reading his favorite books!

Nursery Rhyme Tease is a line of unique t-shirts designed using original artwork based on wonderful corresponding board books. Each design is available in two colors on tagless cotton tees. Packaged in a snap flap vinyl case, these sets make a wonderful gift to encourage reading.

Mom Tip: Read to your child every day! Studies show that reading to infants during the first years will help develop more expressive vocabularies as well as higher comprehension skills. Plus, you will enjoy these moments together while building a strong foundation for life-long readers.

Cost: \$25.00
